

Hoppin' into hearts and homes

Names: Bentley and Mercedes

Vitals: 2-year-old NewZealand and Dutch mixes

Status: Single and looking for a home

Interests: Snuggling, hanging out

What makes us special: We are the best of friends and love each other too much to be separated. But we still have a lot of love to give to our people friends, too!

Why we'd make great companions: We are both very kind and sweet and easy to hug (although it does take Mercedes a minute to figure out if I should trust you or not!). We both have the sweetest, most kissable faces. We are about the same age and are ready to find a forever home to share our love with.

Where you can find us: We are two of the featured bunnies available for adoption at the Carmel Mountain Petco, 11160 Rancho Carmel Drive, just off the I-15 and Carmel Mountain Road.
